### Description

The RAPTOR 4300 is a Galvanised version of the Racejet Boss. These units are slightly bigger than the Boss and tick every box for the plumber who wants more from his Jetter. It comes with a 4300psi pump and a big 31lpm flow rate to clear the stubbornest of drain blockages with ease. It is a strong, compact, fully self-contained unit that can be left on its wheels or with wheels removed, the chassis can be mounted directly to the deck of your truck. The Raptor has the reels mounted on top of the jetter giving you more room on the floor of your truck, ute or van. There is an option to fit a lower flow of 25 lpm pump but with 5000psi and a 27HP engine to clear drains up to 225mm for \$9,990+gst

### Features

Genuine 3 Year Warranty on Vanguard engine, gearbox and pump

Built-in Galvanised 46L water tank with low water cut-out and a large plastic 20L jerry can for fuel

Tough Galvanised frame

Heavy Duty high and low-pressure hose reels with an extra hose capacity

Sealed AGM long-life battery with an isolator switch to prolong battery life

Premium quality thermoplastic jetting hose and Mustang fittings

### Additional Recommended Extras not included with Raptor

60m Mustang Remote Mini Reel, 7pc Mustang Nozzle Box, 15m Whip Hose, and SS Lance Gun \$2,990+gst.
